

#### 04. Mind of Your Own

(Amanda Thorpe, Joseph LeDoux)

---

I keep asking you, telling you, guiding you, leading you  
I keep urging you, wishing you, hoping you will listen too  
But babe you've got a mind of your own  
Babe you've got a mind of your own

What do I have to do, to keep hold of you, stay near to you, watch over you  
I'm still begging you, trying to, make sense of you, the things that you do  
But babe you've got a mind of your own  
But babe you've got a mind of your own

Oh let me into the world you descend into (oh let me into your world...)  
Where you cant find away, lost in a mind of your ... (and that mind of your own)  
I'd be your life line, your light, and your safety raft (I'd be your light we)  
we'd turn around and go sailing in sunset hues (we could go sailing)  
here in this mind of my own here in this mind of my own (here in this mind of my own)

All that I want of you is that you learn how to (all that I want of you)  
trust that I'm here for you there's not much more that I can (trust that I'm here for you)  
do as a life line, a light, or your safety raft, when you are drifting fast,  
there's not much more that I can do (there's not much more I can )

Here in this mind of my own  
Here in this mind of my own  
Here in this mind of my own
